

FAASTeam presents:

NW Mountain Virtual Aviation Safety Week - March 26 2021 - Day 4 - Session 2

The FAA presents an educational talk on understanding and identifying illegal charters. These operations are a risk for not only the flying public but also to the economics of legitimate operators and other stakeholders. Understanding what they are, what they look like and some red flags to look for, can help end these unsafe and unfair operations.

Directions: This Virtual Aviation Safety Event will be hosted using the Goto Webinar platform.
